VOGO joins "Tech 40" index and receives "European Rising Tech" label

TECH40 European Rising **Tech**
LABEL

VOGO (ISIN code: FR0011532225 - Ticker: ALVGO) is announcing today its admission to the "Tech 40" index. Moreover, the Group is recognized by Euronext by obtaining the "European Rising Tech" label.

Less than two years after its IPO, VOGO enters the "**Tech 40**" index. Launched in 2015 by Euronext, this index distinguishes the 40 best performing young technology stocks according to economic, financial and stockmarket criteria from a panel of nearly 300 SMEs listed on the Euronext markets in Amsterdam, Brussels, Dublin, Lisbon and Paris and operating in the life sciences, eco-industries or the TMT (Technologies, Media and Telecommunications) sectors.

In addition, Euronext awards VOGO the "**European Rising Tech**" label, which recognizes 98 particularly successful companies from a universe of more than 350 small and medium-sized market capitalizations listed on the Euronext markets and from the technology sector.

Christophe Carniel, Chairman & Chief Executive Officer of VOGO, says: "*We are proud to receive these two distinctions which highlight the good performance of the Group, less than 2 years after our IPO. VOGO's admission to the 'Tech40' index rewards the efforts and the commitment that have been shown by our teams to launch new innovative offers particularly in Health with EasyCov. This will also contribute to raise further our profile among investors.*"
