

ITS ADVANTAGES

-  HD broadcast audio quality with patented noise filter
-  Enhanced robustness against radio interference
-  Built-in recorder to store your communications on an SD card
-  Unlimited number of users
-  Plug & Play system, easy to deploy
-  Secure connector: no risk of accidental disconnection

The VOKKERO ELITE radiocommunication system designed for professional refereeing is recognized for its excellence by the sport's leading players.

The full-duplex intercom combines high-quality with great simplicity. Intuitive and ergonomic, it's easy to deploy and use. Its noise filter can be configured according to the atmosphere in the stadium, enabling clear refereeing even in very noisy soccer or rugby matches.
