

#### ITS ADVANTAGES

-  Hands-free systems, full duplex communication: instant and continuous
-  Clear, reliable sound: innovative noise filter
-  Lightweight, robust and easy-to-use
-  Group function with unlimited number of users
-  No interference with other systems: encrypted communication
-  Bluetooth compatibility

Hands-free and full-duplex, the VOKKERO GUARDIAN radiocommunication system re-establishes communication and improves team coordination, comfort and protection in the most complex industrial environments.

Quick and easy-to-use, no fixed installation is required, and it's up and running in minutes.

VOKKERO GUARDIAN is particularly well suited to field teams in the Construction, Transport, Energy, Noisy Industries & Safety sectors, etc.

## TECHNICAL FEATURES
